## Lighting Inventory

Technical Director – Thomas R. Gordon (347-637-0341)

House Technician – Lucky Pearto (347-835-4915)

Technical Consultant – Vadim Ledvin (917 -650-1909)

### GFT ELECTRICS RENTAL POLICY

All lighting equipment which belongs to the GFT is subject to this rental agreement. All equipment used by a production, including the rep package must be signed out on this form. If the production required an augmentation in the rental package, this form must be augmented before the equipment is employed. All equipment must be in working order to be rented. The production must return equipment in working order to avoid being charged a repair fee. Production is responsible for burned out lamps as well as for damage to any equipment. Production may purchase replacement lamps or parts from the GFT on basis of availability, not subject to market price. If equipment is returned in NON FUNCTIONAL order the production will be charged a repair fee in addition to the GFT price for any replacement parts.
